

VILLANOVA CHURCH PARKING UPDATE

Construction of the Pedestrian Bridge is progressing smoothly. The plaza in front of the church is completed enabling **guests with mobility issues** to enter campus through the Springmill Rd. / Rt. 320 Gate, drive in front of the Church, park in the St. Rita Circle and use the ramp to enter the Church. All drivers are advised not to use the Ithan Ave. Gate, as the Church is not reachable due to construction.

For parishioners / wedding guests without mobility issues, the preferred option is to park across the street from the Church. Use Lancaster Ave. / Rt. 30 to St. Thomas Way. The L-2 parking lots are on the right behind Moriarty hall and beyond. Use the crosswalk and follow the pedestrian signals at the St. Thomas Way intersection. This is the only safe way to cross Lancaster Ave. in that vicinity. A paved temporary path leads to the front left of the Church.

Wedding Parking Bridal parties and guests with mobility issues, including families with small children. Enter through the Springmill Rd. / Rt. 320 gate. If handicapped parking is required, follow the directions above to the parking area on St. Rita Circle.

As always, be respectful of the spaces near the Monastery reserved for the friars.
