

HIDDEN IN PLAIN SIGHT: THE HISTORY OF SLAVERY AND MAIN LINE FAITH COMMUNITIES

AN INTERFAITH EDUCATIONAL EVENT

SUNDAY
APRIL 3, 2022
3-4:30 PM

Join the **CommUNITY Breakfast Collaborative** for an interfaith educational event about the history of slavery and Main Line faith communities. Participants will learn about the history of slavery in the Main Line area and how this history is connected to various faith organizations. Historic members of various faith groups on the Main Line were enslavers and many faith groups are located on or near sites of enslavement today. In this event, following the presentation, members of faith communities will be invited to share what they already know about the history of and connections to slavery of their own congregations, sharing their history with Main Liners from other congregations, discussing the meanings of this history and what communities can do in the present to address it. Though the history featured is specific to Main Line area faith communities, the event is open to the public. Free. Virtual via Zoom. Please register by scanning the QR Code or going to website.
