

**The parish is excited to be creating a new directory!**

There will be several options for submitting family/individual photos, **beginning with an opportunity to have your family/individual photo taken at the Brunch in the Connelly Center next Sunday.**

Long time parishioner Bonnie Cotter has graciously agreed to take family or individual pictures. She will set up a photo station in the Connelly Center and be available to take photos throughout the Brunch.

**Be assured, this will primarily be an on-line directory, secure and available only to those who are members of the parish and those who have contributed to the directory.** Each family will have full control of how much or little information they wish to include with their photo. The beauty of this directory is that because it is primarily on-line, it can be updated on an on-going basis to include new parishioners and update information as needed. \*There will be an option to obtain a hardcopy of the directory if desired.

More details about this much needed resource will be in the bulletin next week and on the parish website as we progress in the process.

**If you choose to have your picture taken next Sunday, there will be a photo information card you will need to fill out and give to Bonnie.**
